

Sprouting Melodies On-Line Training Expectations & Ground Rules

- Sprouting Melodies is a registered and trademarked program, wholly owned by Raising Harmony and the Center for Early Childhood Music Therapy, LLC.
- Do not share Sprouting Melodies Program materials with anyone outside of this program. If you like what you are learning in our course, please tell your colleagues about it and invite them to be part of this community, but it is not for you to share.
- Be consistent with the weekly assignments. Put in the time to view videos and review materials so you are prepared for the following week. At the end of the course, you will be eligible for continuing education credits through CBMT, and we need to feel confident that you have spent time absorbing the content and class materials.
- Make sure you participate in the weekly discussions online. This will help you come up with more ideas and expand your knowledge...so don't be afraid to speak up! We are looking for conversations in the forum, so please be sure to come back and post responses and add to the discussion.
- Maintain the confidentiality of your fellow participants. Please feel free to talk about what you are learning about yourself or your practice with others, but don't share other people's information inside or outside of the online forum.
- We need to hear from you to know how you are doing and what is working and what is not. Please, if you are having problems, we want to hear from you. Feel free to call the office and we will get back to you!
- When going through your weekly agenda..."Clear the Deck". Do not manage emails, calls, business issues or anything else that will be distracting. You will get out of this program what you put in.
- Respect thoughts, ideas and opinions of others. They may say something or give you an idea that you need to better yourself. Always keep an open mind!
- Engage in the discussion on the forum. The community aspect is the best part of this course and you will benefit tremendously by being a part of the conversation!
- Have fun! Early childhood music therapy is fun work and we want to bring that fun to you in these 10 weeks! Relax and enjoy!
